

## Questionnaire for Wellness Clinics (Cats)

In order to get the most out of your Wellness Clinic, please fill out the following questionnaire about your cat ahead of your appointment. You will also be asked to try to collect a urine sample for your cat, please ask if you would like a pack of non-absorbable cat litter.

The questionnaire will enable the vet / nurse to discuss your concerns and observations with you. Combined with the results of the blood and urine tests, they will be able to detect any underlying disease and give advice on how to keep your cat happy and comfortable.

Please circle as appropriate:
