

Benefits of a Wellness Check

What is a Wellness check?

A Wellness Check at Claro Hill Vets is a 30 minute appointment with the nurse or vet to assess all aspects of your pet's health. Even healthy-looking pets can have hidden issues that may go unnoticed at home, but routine testing can detect. By identifying these issues early, we can take action that benefits the long-term health of the pet. But what's more, test with normal results provide a good baseline information to better understand the pet's health now and for years to come.

What is included in a Wellness check?

- Complete clinical history
- Physical exam with a nurse / vet
- Full **urine test**
- **Blood pressure measurement**
- Full blood tests to assess **haematology** (red and white blood cell counts) and **biochemistry** (their organ function).

What can we rule out on a Wellness Check?

- High or low blood pressure

- Dental disease
- Arthritis
- Kidney disease
- Liver disease
- Anaemia
- Diabetes
- Cognitive function
- Endocrine disease
- Urine infections
- Urine crystals

What age does my pet have to be to have a Wellness Check?

Ideally over the age of 1 years old. At this age your pet should be fully grown and this is a great time to get a baseline level for bloods, urinalysis and blood pressure.

Recent studies have shown:

- Dogs: 1 in 7 dogs between the age of 1 year old and 3 year old had some abnormalities detected on their Wellness Check
- Cats: 1 in 5 cats between the age of 1 year old and 6 year old had some abnormalities detected on their Wellness Check

What does it cost?

The Wellness Check cost £100, saving over £115 if all of the items and procedures were priced up individually. If any further tests or investigations are recommended, you will be given an estimate for future costs. Please do not hesitate to ask.
